042. (07/18) **CLERK'S REPORT**

- (a) Barrier Baskets - Bridges
To report that due to our order from Plantscape being delivered as per last year, namely only 4 number barrier baskets instead of the 16 that were actually ordered, and there being no further baskets available, in order for us to have parity with Malton on both bridges an invoice for 6 barrier baskets had been raised by Malton Town Council in the sum of £510.00. This would mean that both Malton and Norton will have paid for 10 baskets each.
- (b) Planning – Electronic Consultations
As reported at the last District Council Parish Liaison meeting, as from September 2018 the District Council would no longer be providing paper copies of planning applications.
In order that this council could continue to make adequate recommendations on applications relating to Norton we had this month purchased a projector to enable members to view applications electronically.
This would also have many other uses for viewing various electronic communications
Cost of projector £397.00 plus V.A.T.
- (c) Replacement Litter Bins
To report that the 6 replacement bins purchased in January of this year, had to be exchanged for a different type, due to difficulties with the emptying regime of the District Council. The difference between the bins means that there will be a small extra cost per bin of £13.25 making a total of £79.50 to pay.

Members discussed the future of the skatepark following vandalism to the 'halfpipe', and the subsequent meeting with representatives from Malton Town Council that had taken place on Friday 6 July on site.

With the cost of repairing the damage being considerable, and given the age of the equipment, members felt that it would be a good idea to look into the costs of new replacements as there would be the possibility of Section 106 Grant Funding with this option.
