P.B. Planning had sent apologies, they would not be attending, as the developers still had some issues to resolve.

115. (11/19) **PUBLIC SESSION**

Mr Mike Gwilliam attended in order to give members an update following the appeal for the B.P. Garage.
He was sorry that the appeal had been dismissed, but all the points put forward had been relevant, but the arguments were not sufficient to halt development.
Mr Gwilliam felt that the traffic survey although submitted late, should have carried more weight and that the alternative site put forward and the air quality monitoring zone should have been given more input to the decision, as the Inspector consistently throughout the hearing was only focused on the site.
In closing Mr Gwilliam thanked the members of the council for all their input and efforts in fighting the appeal.
The Mayor in return thanked Mr Gwilliam for all his hard work in putting forward the proposal.

Councillor Lindsay Burr left the meeting.
